

## Scientific Journal Review Form

Dear Reviewer,

You can help the author by suggesting specific improvements, by returning the review form and manuscript with detailed comments and corrections. You can help the editor by commenting on the technical significance and accuracy of the work. Your comments will assist the associate editor in determining the final disposition of the manuscript, and will be used to assist the author in refinement of the manuscript.

All your comments will be forwarded to the author while reviewing is a double-blind process. If you are not able to referee the enclosed manuscript, please return the form and the manuscript to the Journal editor. Or let us know do you know of others who would be competent to review this paper? If so, please provide names and contact information (e-mail preferred).

Please, mark by «X» fields proper to your opinion.
